No. Deal with compassionately but DACA “offered the false hope of amnesty that led to a surge of illegal immigration.”	Yes. “Deporting them back to a country that’s not theirs and they don’t know would be a terrible un-American kind of thing to do.”
Immigration: Support path to citizenship for America’s 11 million illegal immigrants?	“No amnesty. We cannot have individuals get in the queue before others who have been going through the legal immigration process. Period.”	Maybe. “A more complicated problem,” “need to control borders,” but if “willing to learn English and pay their taxes and not have convictions for serious crimes... some sort of a path to become permanent residents and possibly citizens.”

Minimum Wage: Raise the federal minimum wage?	No. “A growing and competitive economy — not Washington mandates — will create an environment where companies compete...through better wages.”	Yes. Should at least keep pace with inflation. “Federal level is far more effective, as it avoids driving jobs from one community or state to another.”
Net Neutrality: Require internet providers to provide equal access to all?	No. “Tennesseans do not want government-controlled internet.”	Yes. “Should guarantee equal access for everyone.”
